### **Mean Published Earnings – Year-End 2016-2017**

All GP Practices are required to declare mean earnings (i.e. average pay) for GP's working to deliver NHS services to patients at each Practice.

The average pay for GP's working in The New Folly Surgery in the last financial year was £ 64,302 before Tax and National Insurance.

This is for 1 full-time GP and 3 part-time GP's who worked in the Practice for more than 6 months.

Please note that the prescribed method for calculating earnings is potentially misleading because it takes no account of how much time doctors spend working in the Practice, and should not be used to form any judgement about GP earnings, nor make comparison with any other GP Practice.
