## **CLOSURE OF FRONT DOOR**

In view of new COVID-19 tiers and in an endeavour to protect both staff and patients alike, the front door at The New Folly Surgery will no longer be open between 1.30pm-3.00pm and 5.00pm-6.00pm, Monday-Friday. However, we now have an Intercom bell which will be answered as soon as a Receptionist is able to do so. PLEASE be patient and only ring the Intercom once.

If you are invited to the Practice for a face to face appointment with a GP or Nurse please maintain social distancing rules and we request that you wear a face mask/covering.

Patients can still collect paperwork, i.e. letters, referrals, blood test forms, etc. Prescriptions should be posted through the letterbox.

These changes will be reviewed in line with the amendment of Government restrictions.

Thank you for your patience and your co-operation is very much appreciated by all Staff at The New Folly Surgery.
